Description:

Farmhouse house with raft and ferris wheel on a 7,500-square-meter fruit farm in Calguerín (Cuevas del Almanzora), located in a privileged area due to its unique views of the mountains.

The farm, in addition to having splendid views, has a spectacular plantation of fruit trees and olive trees, with direct water connection to the Sat de Cuevas network.

Both the farmhouse and a cave, which is also on the property, would have to be renovated, since the state is the one of origin and reforms have never been carried out.
